Year-on-year Change – Re-export Value	Year-on-year percentage change of the total value of wine re-exported through Hong Kong for the year	A positive value means an increase and a negative value means a decrease
Import Quantity (in million litre)	Total quantity of wine imported into Hong Kong (in million litre) for the year	Example: 51.21 means 51.21 million litres
Re-export Quantity (in million litre)	Total quantity of wine re-exported through Hong Kong (in million litre) for the year	Example: 16.61 means 16.61 million litres
Year-on-year Change – Import Quantity	Year-on-year percentage change of the total quantity of wine imported into Hong Kong for the year	A positive value means an increase and a negative value means a decrease
Year-on-year Change – Re-export Quantity	Year-on-year percentage change of the total quantity of wine re-exported through Hong Kong for the year	A positive value means an increase and a negative value means a decrease
Remarks	If the data for the year (from January to December) are not yet available, this field specifies the month and year the data are included up to	Example: “Up to Oct 2018” means the data for the year are counted from Jan 2018 up to Oct 2018

Top Ten Wine Import Origins by Value

Top ten wine import origins by value, with import value, year-on-year change and percentage share

Item	Description	Note
Year-month	Data in the year-month	YYYYMM Example: 201811 means November 2018
Rank	Ranking of the wine import origin by value (from 1 to 10, with 1 corresponding to the highest value for the year-month)	Example: 2 means the value of wine imported from the corresponding origin has ranked the second highest for the year-month
Import Origin	Country/region of the import origin	
Import Value (in HK\$ 1,000 million)	Value of wine imported from the origin into Hong Kong (in HK\$ 1,000 million) for the year-month	Example: 0.655 means HK\$655 million
Year-on-year change	Year-on-year percentage change of the value of wine imported from the origin for the year-month	A positive value means an increase and a negative value means a decrease “N.A.” means a comparison is not available
Percentage Share	Percentage share of the value of wine imported from the origin out of the total value of wine imported into Hong Kong for the year-month	

Top Ten Wine Import Origins by Quantity

Top ten wine import origins by quantity, with import quantity, year-on-year change and percentage share

Item	Description	Note
Year-month	Data in the year-month	YYYYMM Example: 201811 means November 2018
Rank	Ranking of the wine import origins by quantity (from 1 to 10, with 1 corresponding to the highest quantity for the year-month)	Example: 2 means the quantity of wine imported from the corresponding origin has ranked the second highest for the year-month
Import Origin	Country/region of the import origin	
Import Quantity (in million litre)	Quantity of wine imported from the origin into Hong Kong (in million litre) for the year-month	Example: 1.597 means 1.597 million litres
Year-on-year Change	Year-on-year percentage change of the quantity of wine imported from the origin for the year-month	A positive value means an increase and a negative value means a decrease “N.A.” means a comparison is not available
Percentage Share	Percentage share of the quantity of wine imported from the origin out of the total quantity of wine imported into Hong Kong for the year-month	

Top Ten Wine Re-export Destinations by Value

Top ten wine re-export destinations by value, with re-export value, year-on-year change and percentage share

Item	Description	Note
Year-month	Data in the year-month	YYYYMM Example: 201811 means November 2018
Rank	Ranking of the wine re-export destinations by value (from 1 to 10, with 1 corresponding to the highest value for the year-month)	Example: 2 means the value of wine re-exported to the corresponding destination has ranked the second highest for the year-month
Re-export Destination	Country/region of the re-export destination	
Re-export Value (in HK\$ 1,000 million)	Value of wine re-exported to the destination through Hong Kong (in HK\$ 1,000 million) for the year-month	Example: 0.655 means HK\$655 million
Year-on-year Change	Year-on-year percentage change of the value of wine re-exported to the destination for the year-month	A positive value means an increase and a negative value means a decrease “N.A.” means a comparison is not available
Percentage Share	Percentage share of the value of wine re-exported to the destination out of the total value of wine re-exported through Hong Kong for the year-month	

Top Ten Wine Re-export Destinations by Quantity

Top ten wine re-export destinations by quantity, with re-export quantity, year-on-year change and percentage share

Item	Description	Note
Year-month	Data in the year-month	YYYYMM Example: 201811 means November 2018
Rank	Ranking of the wine re-export destinations by quantity (from 1 to 10, with 1 corresponding to the highest quantity for the year-month)	Example: 2 means the quantity of wine re-exported to the corresponding destination has ranked the second highest for the year-month
Re-export Destination	Country/region of the re-export destination	
Re-export Quantity (in million litre)	Quantity of wine re-exported to the destination through Hong Kong (in million litre) for the year-month	Example: 1.597 means 1.597 million litres
Year-on-year Change	Year-on-year percentage change of the quantity of wine re-exported to the destination for the year-month	A positive value means an increase and a negative value means a decrease “N.A.” means a comparison is not available
Percentage Share	Percentage share of the quantity of wine re-exported to the destination out of the total quantity of wine re-exported through Hong Kong for the year-month
